## **It takes effort and preparation to be informed!**

AAUW-WI suggests you prep for the discussions on Zoom with these tools:

Recent legislative action shows that we need to change the way our state divides legislative districts. Wisconsin ranks as the worst for gerrymandered districts. There are two excellent videos that explain how redistricting was handled in WI in 2011. We suggest you view them prior to Public Policy Day 2020 so you can better understand the unfairness of our current situation. Here is how you can do that:

A 3-minute video developed by The WI Farmers Union describes how gerrymandering took place in WI. This page has some prime ideas for how to change the way redistricting is done. Click on the page and video at <https://www.wisconsinfarmersunion.com/fairmaps>

A documentary titled *Slay the Dragon* gives a very thorough history of how redistricting in WI was achieved behind closed doors in utter secrecy in 2011. There is hope for change! This 2-hour documentary exposes the culprits who drew “election safe” districts in WI. [Watch from home.](#) *Starting on August 6, 2020 the film will be available for streaming on Hulu. If you do not have an account, you can sign up for a 30-day free trial.* <https://www.hulu.com/start> *The film is also available for digital rental and download on iTunes, Amazon Video, Google Play, Vudu, YouTube, XBOX, PlayStation, and Fandango NOW. It can be rented for \$4.99 (rental for 1 month) on Amazon Prime.*
